MEMORANDUM FOR THE RECORD

SUBJECT: Plans of the Dominican Internal Opposition and Dominican Desk
for Overthrow of the Trujillo Government.

1. plans have been developed
on a tentative basis which appear feasible and which might be carried out
unilaterally and covertly by CIA with a minimal risk of exposure. They
are as follows:

- a. Delivery of approximately 300 rifles and pistols, together
with ammunition and a supply of grenades, to secure cache on
the South shore of the island, about 14 miles East of Ciudad
Trujillo.
- b. Delivery, to the same cache described above, of an electronic
detonating device with remote control features, which could be
planted by the dissidents in such manner as to eliminate certain
key Trujillo henchmen. This might necessitate training and intro-
ducing into the country by illegal entry a trained technician to
set the bomb and detonator.
